

River Forest SF HOA

Storm Door Policy and Guidelines

The following is intended to be a guideline for the approved location and installation of storm doors and screen doors at River Forest Single Family Homes. Please adhere to the following guideline:

Storm door and screen door installation is only permitted as described in this document unless otherwise approved in the architectural change request document.

Instructions for Approval:

1. Complete and submit Architectural Change Request "ARC" document through your online homeowner portal.
2. Once approved or denied, you will be notified through the portal and via email .
3. Once notification for approval is received, you may begin installation of your storm door.

Installation and Type Guideline:

1. Storm/screen door must match the aesthetics of your home in color.
2. Storm/screen door hardware can match the storm door color or the hardware color on the door.
3. Storm door must either be full, solid glass or 1/2 glass 1/2 screen or retractable screen.
4. Storm door hardware must be on the same side as the existing door handle.
5. Storm door hardware must be traditional or modern in style, and the color can be brushed metal (similar to the existing door handle), or black matte, or white.

Examples of approved door:
